

RECOMMENDATION FOR MR. STEFANOV OGNYAN PLAMENOV

31 October 2016

To whom it may concern:

It is my pleasure to recommend Ognyan Stefanov for employment with your organization. I have known Mr. Stefanov for over six years (since September 2010) during which time he worked as a photographer and designer in the PR section in the office of the Bulgarian Air Chief under my supervision.

I can confirm that he is a man of great integrity, is extremely dedicated to his family and work, and is entirely peace-loving. Mr. Stefanov is also reliable team worker with good communication skills.

Furthermore, since the very beginning of his work he managed to get oriented very easily and started offering brilliant ideas proving himself as a proactive and innovative thinker.

Based on some of his proposals there were organized and conducted for first time in the Bulgarian Air Force history photo sessions from the cargo ramp of a transport aircraft, airborne photo sessions, day and night pictures of aircraft etc.

Mr. Stefanov has a number of unique photo projects that has been very highly estimated by his colleagues from many international magazines.

As already mentioned his duties include also designer tasks such as calendars, postal cards on different occasions, fliers, albums of each airbase and type of aircraft, university coins as well as working on the electronic edition of the Bulgarian Air Force magazine, web page and Facebook page.

Mr. Stefanov was always willing to offer his assistance and had an excellent rapport with the many constituents served by our office including employers, journalists and guest photographers, and other professional organizations. He has always executing his tasks in terrific way with his individual mark as an artist. He has also been effective in his efforts to engage the media we outreach to and broad up the Bulgarian Air force PR campaign to higher levels.

I recommend Stefanov without reservation!

He would be an asset to any employer in the area of photography, (especially aviation photography) and advertisement and for that reason I wholeheartedly recommend him for any endeavor he chooses to pursue. Please let me know if you have any further questions.

Sincerely,

Krasimir ATANASSOV
Chief of office of the Bulgarian Air Force Commander
